

Client: DJO Global
Location: Frenchs Forest
Time Scale: 5 weeks
Area: 800 m²

Client Profile:

DJO Global enables people to live their lives to the fullest by providing intelligent medical devices and services.

Scope of Works:

Construct a new open plan office environment including training and breakout facilities that would highlight DJO Global's brand.

Works Included:

- ▲ New Workstations for both administration and sales staff including seating and storage.
- ▲ Creation of a new training room complete with an integrated audio visual solution.
- ▲ Installation of high speed cat 6 communication cabling and a built in access control system.
- ▲ Construction of a new reception area to create a welcoming environment for visitors.
- ▲ Installation of wall art throughout the fitout to showcase DJO Global's brand to visitors and create an aesthetically pleasing atmosphere for employees.

Challenges:

Our schedule had to be completed in a time frame that had been compressed from 6 to 5 weeks.

The look and feel needed to comply to DJO Global's brand.

Solution:

Through careful planning and utilising the flexibility of our team of tradesmen we were able to complete the project by the promised date.

Working closely with the Marketing Manager ensured the fitout complied with DJO Global's brand identity.

“The fitout looks fantastic, the colour combinations between the workstations and the inspirational wall graphics are superb. Our new office reflects our brand to all our staff and visitors.”
