

Client: Link Recruitment
Location: Parramatta CBD
Time Scale: 5 weeks
Area: Approx 380m²

Client Profile

LINK specialist recruitment services with offices in Australia, New Zealand and London.

Scope of Works

Construct a layout that would allow their staff to work comfortably in a happy environment however in such a way as to not interfere with potential recruits and clients.

Works Included:

- ▲ Boardroom facilities including management of full audio visual installation and controlled lighting system and supplementary air conditioning.
- ▲ Installation of call centre workstations including power and category 6 data.
- ▲ Provision of a breakout area where staff can relax including fully plumbed kitchen and special flooring
- ▲ Construction of a spacious manager's office
- ▲ Provision of tailor made storage facilities
- ▲ Partition walls, doors complete with painting and privacy film
- ▲ Various types of office seating.
- ▲ An inviting and comfortable reception and waiting area complete with audio visual facilities.

Challenge

As many of the interviews held are of a confidential nature acoustics was an issue that needed careful consideration.

Solution

The wall construction was heavily insulated and double sheeted with sound rated plasterboard, but more importantly from a design point of view the interview rooms were located remote from the work and waiting areas.

“ I have completed 4 successful projects with Apex Executive Interiors and cannot recommend them highly enough. Their customer service skills and project planning are second to none.”

Gemma Avon - General Manager, Link Recruitment.
